HOLIDAY LIGHTING SOLUTIONS

Holidynamics has been designing, producing and supplying the highest quality holiday décor for more than 10 years. In that time we have fine tuned our designs and materials so that the products you display at your home or place of business will bring you years of enjoyment. We are proud to offer a wide variety of products for you to choose from. Our patented water-resistant LED Lightsets can be found on our enormous selection of indoor and outdoor décor items. From the most realistic and quality constructed Mixed Noble Series of wreaths and garlands, to the stress-free assembly of our One Plug pre-lit trees, Holidynamics is your source for top shelf trees and foliage.

We strive to offer our customers the newest and most exciting technology. Many of our products employ LED Color Changing architecture, and our hypnotic new Sparklers and Twinkling Trees will dazzle the eye with their gentle, random twinkling function. We are thrilled to present LED 3D Acrylic figures that glow from within, and a full spectrum of LED Tree options. Our colorful Lightdrops will soon be something that adorns your home for every holiday on the calendar. We have the entire year covered, from Christmas to the 4th, as well as our Summertime and Halloween series. If you want to show off your style, we have the products you need.

Please explore our extensive catalog of our signature LightLinks®, Christmas Displays, 3D Holiday Expressions, Trees & Foliage and more. From our home to yours, we present *Christmas & Beyond!*

WIDE ANGLE (WA) LED LIGHTSET
 The Wide Angle LED, also called a 5mm bulb, has a short, concave bulb. This design best replicates the sparkling shine of a traditional incandescent "twinkle light" while delivering the energy efficiency of LED technology. These babies shine!

T5 LED LIGHTSET
 The T5 LED has the familiar look of an incandescent mini lightset. These bulbs have a more even light than you will find in it's classic incandescent counterpart. If you want the look of a classic bulb, with the efficiency and consistent performance of LED, this is your lightset.

C6 LED LIGHTSET & LIGHTREEL
 C6 bulbs have a large, faceted bulb. Far and away the biggest LED bulb we offer in a lightset, you will be in awe of the even light and brilliant color of this lightset. We now offer the C6 on a convenient Lightreel.
CONNECT UP TO 20 REELS END TO END!

M8 LED LIGHTSET
 Our M8 bulb has replaced the more typical, and smaller M6 bulb. This upgraded bulb is fast becoming our most popular style of lightset. It has an impressive looking structure and emits an even, bold glow, thanks to the faceted bulb and heavy duty wire that really kicks up the brightness. A serious lightset for serious decorators.

Get that Twinkle in Your Eye!

Holidynamics presents our dazzling new product line!

Our twinkling LED Sparklers are an exciting alternative to traditional holiday and party decorations. Simply pick your color scheme and light up your event with style. They are available in 2 sizes and 8 colors, so they will accent any theme you are going for. Choose Orange and Purple for some Halloween fun. Show your national pride on the 4th with Red, Pure White and Blue... or Green and Orange on St. Paddy's Day! Of course the traditional Pure White and Classic White will always be a great accent to many of our LightLinks or other LED décor. They also make a great centerpiece or unique decoration for home or office. Each Sparkler is built with an eyelet so they can be hung from the trees or the rafters. Your imagination is the only limit to how to use these.

AVAILABLE IN 16" & 8" SIZES
